

3 HP Fairbanks-Morse Combined Electric Light and Water System
placed in one end of Garage, Middletown, N.Y. 207L.

fr. HBP

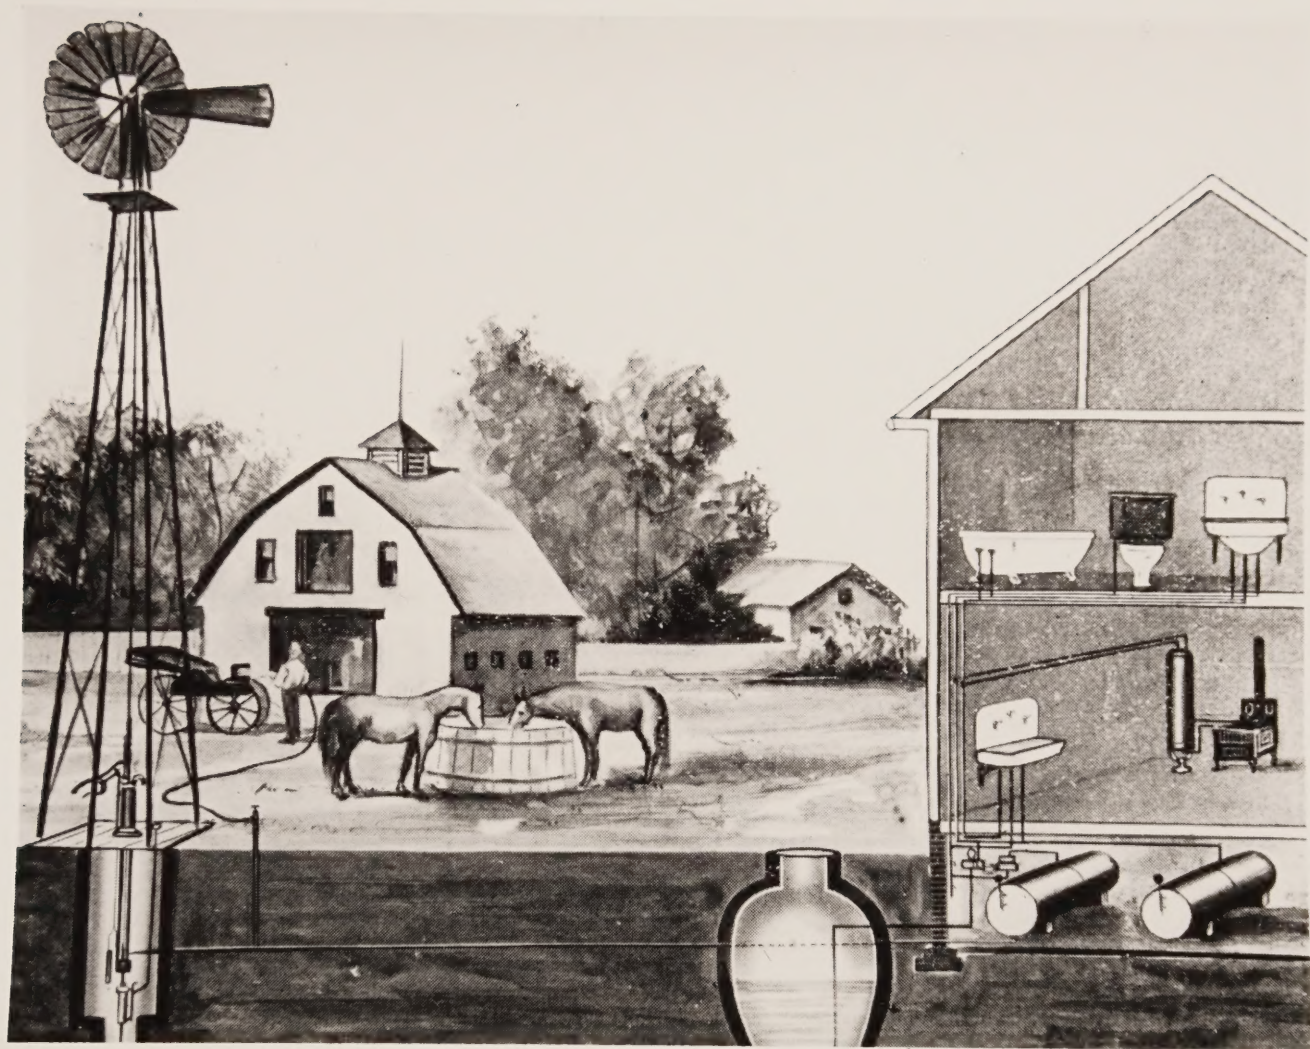

From ABP

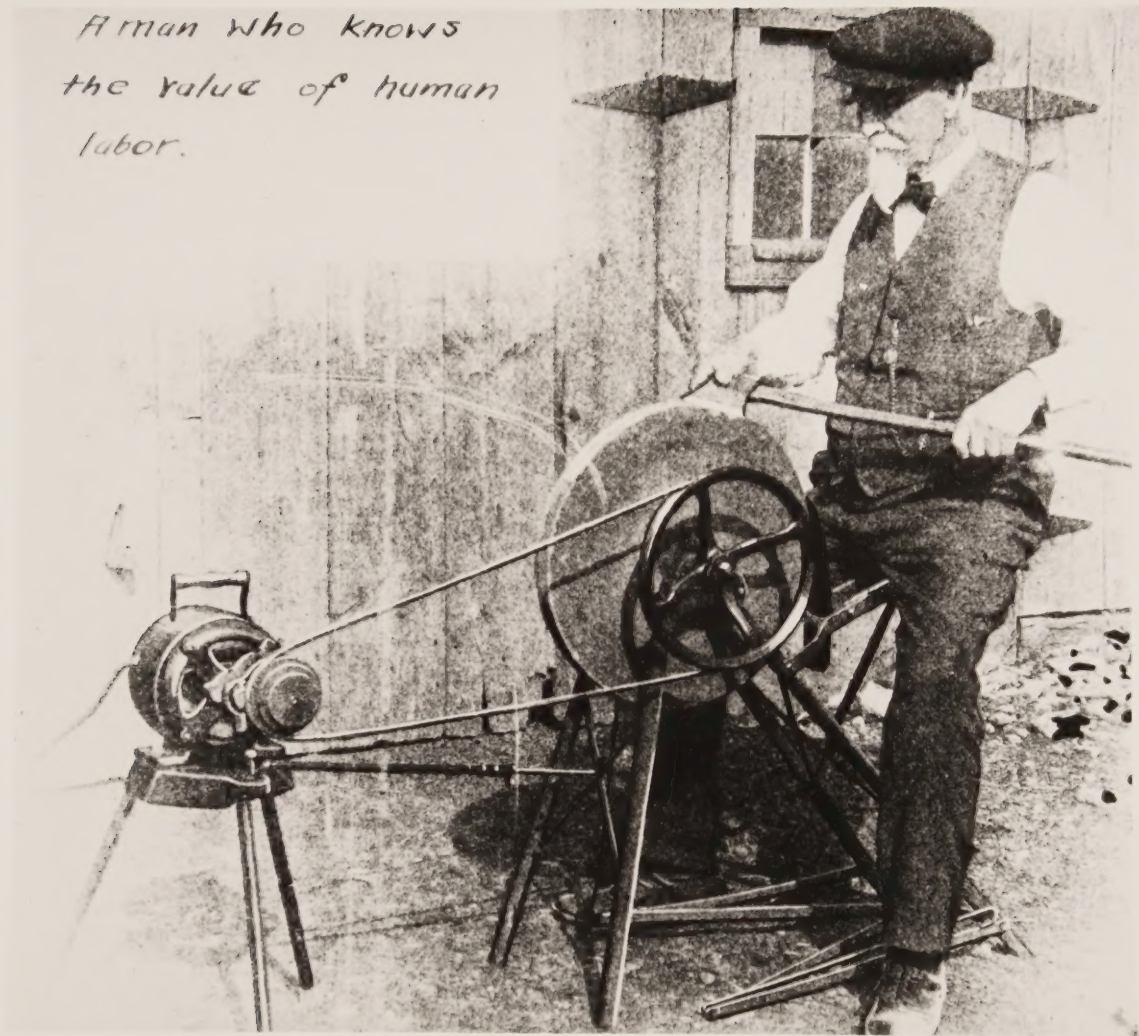

And washday—a day to dread!

from HBP

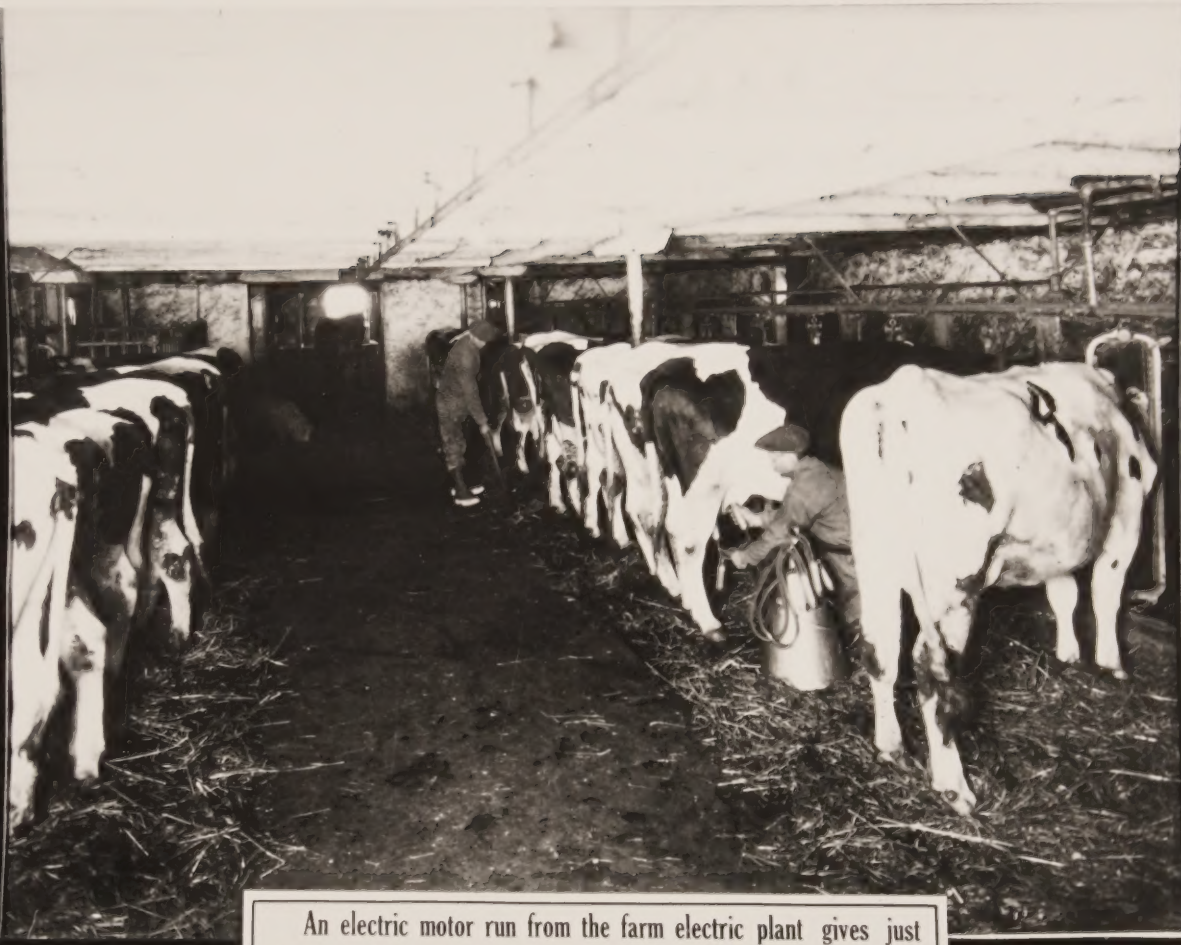

H.B.P.

Arman who knows
the value of human
labor.

14 B P

An electric motor run from the farm electric plant gives just the steady flow of power most satisfactory for running the milking machine.
